Subject: RE: Question from Inspector

Hi Gary-

Can I get a copy of that Recco Refrigeration integrity check, please?

Also, I'd like medical, fit test, and training records for all of your guys who wear respirators..We spoke with a Sanitation employee yesterday who said that he wore a rubber respirator on occasion.

Thanks-

Hello Amy,

I checked with Carlos Rita at American Refrigeration and he tells me they have not performed an integrity check in the past five years. I however did have one done by Recco Refrigeration in Oct 2009.

Subject: Question from Inspector

Hi Gary-

Brian Logan asked me about some tests that he says are required to be performed every 5 years. I think he is talking about state regulations, but we'd like to answer him anyway.

He said that, when reading the regulations, he came across the term "mechanical integrity audit." He said that the regulations require this to be performed every 5 years. He wants to know if you guys do this every 5 years? If you do, do you have any records?

Thanks-

Brian Caron was the only person that was required to wear a respirator. Lenny Bouley had personal issues and took his own life in 2012.

Hi Gary-

Is Gary the only guy who wears a respirator? Last time, you had Leonard Bouley being fit-tested..Is he no longer there?..

Anyway, this requirement would include anyone who wears either a half-face or full-face respirator..

Thanks-

Hi Amy,

Attached is Brian Caron's fit test for 2015. He also went for medical evaluation but did not provide certificate to me. It is most likely somewhere in his office.

Regards

Gary Hardin

Gary-

I looked in the previous case, and you provided written programs for the abatements. These are voluminous..You also provided a summary sheet outlining when and what you did to correct the violations, such as when you wrote these programs. Do you want the summary sheet or all the programs?

I do need to make sure that you are giving your employees medical evaluations for respirators, as well as fit tests..Are these still being done? The medical evaluation only has to be done initially, but the fit tests have to be done annually.
